RE: PRICE REVISION FOR CANON CALCULATORS

Please be informed that prices for Canon Calculators will be revised effective 30th March due to the strong appreciation of US Dollar against Ringgit Malaysia, which resulted in higher purchase costs for Canon from regional office. Canon Marketing (Malaysia) Sdn. Bhd. shall review the price again should the situation stabilized and improved.

We apologize for any inconvenience caused and thank you for your support on Canon Calculators.

Thank you.

Yours Sincerely,

Edward Chang
